

## **Admissions Criteria 2018-19.**

### **Secondary Phase, Year Groups 7-11**

The published admission number for this year group is 240.

Places will be allocated to pupils who have an EHCP that names the school as an appropriate provision. When there are more applications for places than there are places available, priority will be given in the following order:

1. Children in public care (looked after children) or previously in public care.\*
2. Children of a member of staff.
3. Sibling - Pupils with an older brother or sister at The Duston School at the time of submitting an application for the younger child.
4. Pupils who live in the area defined as NN5 4 and NN5 6.
5. Pupils who live in the area defined as NN5 5, NN5 7 and NN5 9.
6. Other pupils

If the admission number is exceeded within any criterion, priority will be given to those who live closest to the school.

\* Evidence may be required to support an application for a child who has previously been in public care.

#### **Distance Tiebreaker**

Distances are measured on a straight line basis from the child's home address to the nearest entry point to the school using a geographical information system provided by Northamptonshire County Council.

#### **Children of a member of staff defined as:**

The biological child, step child or adopted child of any member of staff employed directly by The Duston School.

#### **Siblings defined as:**

- Brothers or sisters sharing the same parents.
- Half-brothers or half sisters, where two or more children share one common parent.
- Step-brothers or step sisters, where two or more children are related by a parent's marriage or partnership. (Partners must have lived together in a permanent exclusive relationship - as though they were husband or wife or civil partners - for at least two years.)
- Children adopted to parents with other children.

**For the sibling link to apply, a brother or sister must live at the same address when the application is made. If siblings live between two addresses, applicants must provide proof to show that the main address is the same for both children.**
