Dear Parent/Guardian,

**Re: Online Safety**

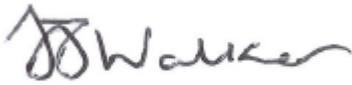

As a school we continue to drive the importance of online safety with our pupils. With this in mind, and to support you as parents/guardians, we have attached a document (and link) providing a handy guide to popular apps and games.

[Online Safety Parent Guide - Apps and Games](#)

The guide outlines minimum ages for the most popular apps as well as an overview of key safety and parental control settings for games and console-level controls.

We hope you find this information useful.

Yours faithfully,

Ms S Walker
