Dear Parent/Guardian,

Re: WhatsApp Group – ‘add whole of uk’

We have been made aware of a WhatsApp group that may be in circulation again. Last year, we advised parents/guardians to be aware of a group called ‘Add Everyone You Know’. We have been advised there may now be a group called ‘Add Whole of UK’ in action.

The group may contain inappropriate images/content and messaging.

As always, we encourage you to regularly check your child/ren’s activity online and ensure the appropriate parental controls are in place.

Should you have any concerns that your child/ren has/have been, involved with the aforementioned chat-group and/or unsolicited chats with unknown users then please inform the school and/or Northamptonshire Police.

For additional information regarding WhatsApp and keeping your child/ren safe, please follow the links below.
