Introduction to Trips & Visits

The Duston School runs a very extensive school trips programme. We believe that learning is not confined within the walls of the classroom - it is enhanced by varied and challenging experiences beyond. Our educational visits programme focuses on developing a wide range of personal, physical and intellectual skills in a range of different environments, from the city to the countryside, locally and internationally.

We look to provide residential visits for a range of budgets and to a variety of locations. These are not compulsory, but highly recommended as they encourage our young people to enhance their resilience and encourage aspirations.

Please find over the next few pages all of our educational visits for 2026/2027 academic year. Each entry defines an approximate cost, alongside when the visits will be taking place.

Please note that payment dates are not flexible and that all residential visits are based on a first-come-first-served basis. Payments will be refundable in the event of the school cancelling the trip.

Should concerns be raised by school staff regarding behaviour or attendance issues of students, the school reserves the right to withdraw places on any trip or visit at any time. Should this become necessary no refunds of monies paid will be forthcoming.
