Dear Parents/Guardians,

Re: Calculators

In preparation for the new academic year it is advisable that all pupils purchase their own calculator ready for September. Historically the school have provided pupils with these but the calculators that we have issued pupils with would be used by multiple pupils in any one given school day. With the current Covid-19 situation in mind and the issues of cross-contamination it is advisable that pupils therefore purchase their own calculator. I have detailed below which calculators pupils require. I do appreciate that this is an additional cost for some parents and for those families in need of financial support you may wish to contact office@thedustonschool.org to request financial assistance from the school in purchasing a calculator.

The calculators our pupils require are:

Pupils in Year 7,8,9,10,11 - Casio FX-83GTX Scientific Calculator

Pupils in Year 12/13 - Casio FX991EX Advanced Scientific Calculator

Yours faithfully,

Mr Strickland
Principal
