Dear Parents / Guardians,

Re: Driving To School

I hope you are all well and staying safe.

A notable issue at the end of the school day is the nature and manner with which some parents are parking their cars both outside the front of the school grounds and in the adjoining estates. Can I please ask parents who do drive their son/daughter to school to avoid parking their cars directly outside the school gates. This is hugely hazardous and potentially could cause an accident on Berrywood Road. We will be asking parents that park here to move their vehicles on. Can I also politely ask that you are considerate of the local residents and avoid blocking their driveways or actually parking on their driveways. Where possible, please encourage your child to walk or cycle to school. For Primary Phase pupils please do consider whether you can walk your child to school as opposed to driving them in.

I thank you in anticipation of your support and co-operation with this matter.

Yours faithfully,

Mr Strickland
Principal
