Wednesday 3rd September

Dear Parents/Guardians,

Re: Fizzy and Energy Drinks

I hope you are well.

Please be advised that a new law is being planned by the government to stop the sale of energy drinks, such as Red Bull and Monster, to children under the age of 16. This news story has been reported in the BBC today and can be found [here](#). As a school we do not want pupils of any age, including the Sixth Form, to bring both fizzy drinks and energy drinks to school. Any pupil seen with a fizzy or energy drink on their person will have it confiscated. All pupils attending the school should be equipped with a bottle of water to consume throughout the school day. Can I please encourage you to speak with your child about this matter.

I thank you for your support.

Yours faithfully,

Mr Strickland
Principal
