

Subject: GCSE Business

Exam Board: Edexcel

Date of exam: Paper 1 – Monday 11<sup>th</sup> May Paper 2 – Thursday 21<sup>st</sup> May

### Revision Strategies:

Summarise each topic in your own words using headings and bullet points.

Explain a topic (like different business ownership) to a friend or family member. Teaching forces you to recall and simplify ideas, a powerful way to test understanding!

Edexcel questions often test **application**, not just knowledge. Practice case study questions and applying your responses to the case study.

Be confident with numerical topics like:

- Revenue, cost, profit
- Break-even
- Cash flow

Never write “**the business made more profit**” when you mean “**the business increased revenue.**”

Use precise terms like:

- “This would **increase revenue**, as more products are sold.”
- “This could **reduce profit**, since costs have risen.”

### Useful websites and resources:

**Tutor2u Business** – concise topic videos & exam technique.

**TakingTheBiz** – entertaining, easy to understand, and very Edexcel-focused.

**Business As Usual** – Specific GCSE Edexcel business content.
